Trustee Davis Offers Annual Public Speaking Prizes

Dr. Davis Is Graduate
Of University and Has
Been Debate Enthusiast

WHEN NINE speakers compete in the Davis Prize Contest on January 24, Dr. Harry Cassel Davis, a member of the class of 1878, will probably have occasion to recall some of the incidents of his own college days.

In the 1870's when this University was embodied in the Columbian University overlooking University Heights and when college students were still riding about in the good ole horse and buggy, Dr. Davis, present Secretary of the Board of Trustees, was devoting a great part of his college life to the subject of public speaking and debate. Sixty years have elapsed since then, and Dr. Davis is still as vitally interested in forensics as he was while a student at the Columbian University and active in the Ensonian Debating Society.

He participated in the Isaac Davis Speaking Contests of 1877 and '78, winning the junior prize for both years.

After his graduation in 1878, Dr. Davis lost none of the vital interest in debate which had characterized his college days. Later as Head Master of the Wilkes Barre, Pa., school, he organized an Ensonian Debating Society and secured such eloquent speakers as William Jennings Bryan to address the student body.

Dr. Davis emphasizes the importance of selecting a subject familiar to the speaker and points out Mark Twain as a perfect example. Twain, an accomplished after-dinner speaker, never failed to amuse his audience with his clever wit and humor. Regardless of the occasion, he would always manage to end his speech with a short dissertation on the American flag, a subject which was undoubtedly familiar to him.

The night of Wednesday, January 24, will see the fourth of the Davis Prize Contests to be held. In Government 102, at 8 o'clock, nine speakers, each representing a Public Speaking 1 class and each chosen by the vote of his classmates, will vie with one another for the \$25, \$15, and \$10 prizes, offered by Dr. Davis and won last year by Margaret Kinsman, Neal Toyner and Edmund Balmer.

Professor W. Hayes Yeager, DePew Professor of Public Speaking at The University, is in charge of arrangements for the contest, and one of The University's professors, yet unchosen, will preside. Three professors of Public Speaking from nearby colleges will judge the 10

British War Aims Will Be Discussed By J. L. Farmer

BRITISH WAR AIMS and the "British Empire" will be the subject of a talk to be delivered by James L. Farmer before the Keep America Out of War Club at 8:15 tomorrow night at Columbian House.

Mr. Farmer, a student at Howard University, is the Vice President of the Youth Committee Against War, Middle Atlantic Secretary for the Fellowship of Reconciliation and Vice President of the Christian Youth Council of North America.

He has carefully studied the question of British Imperialism and will discuss the democracy, or rather the lack of democracy, which exists within the British Empire. How the British War Aims are accepted by the colonies and what they mean to the subject peoples under the Empire will also be highlighted.

Chairman for the meeting will be Nick Broughton.

Baptists, Catholics, Christian Scientists Meet This Week

THE BAPTIST STUDENT UNION will hold its regular council meeting on the second floor of Columbian House at 7 o'clock Wednesday night.

The Christian Science Organization will hold its regular semi-monthly meeting at 8:10 p.m. Thursday in the East Room, second floor of Columbian House.

The Newman Club will meet in D-104 at 8 p.m. Thursday. Members are asked to note the change in time. Announcement is also made of the church unity octave to be held at Catholic University next Sunday 8 p.m. at the Shrine of the Immaculate Conception.

Psychology Club Hears Illustrated Talk by Dr. Rauth

THE PSYCHOLOGY CLUB will hold its regular monthly meeting tomorrow evening in Government 102. The principal feature will be a demonstration and lecture on "Eidetic Imagery" by Dr. J. E. Rauth of the Catholic University Department of Psychology. This will include accounts of experiments performed with children in demonstration of the phenomenon which, curiously enough, disappears in later life.

Such a performance promises to be a vivid and interesting, causing speculation on the part of the audience as to possible explanations. Dr. Rauth gave a similar lecture before the Cosmos Club several weeks ago, and a great deal of interest was aroused. All psychology students, members or not, are invited to come.

Congress To Debate Trade Agreements

Bill Would Extend
Power of President
To Negotiate

WHETHER THE President's power to negotiate reciprocal trade agreements should be extended will grab the spotlight at the George Washington Congress' third meeting of the year, to be held Jan. 17 at 8 o'clock in Stockton Hall.

Judging from the predictions of the Congress party leaders, the bill giving the President further powers is expected to be passed without much trouble. Nevertheless, a hot debate on the subject is calculated to take place.

Burnet Resolution

A resolution to be introduced by Frank Ford Burnet, Liberal-Democrat, might prove to be the real hornet's nest of the evening. As the government of the United States has been operating at a loss for the past ten years and as the statutory limit of the national debt is about to be reached, the Congress should present a balanced budget for the fiscal year 1941, and further, the President should appoint a special committee of five men to investigate ways and means of financing in 1941, the resolution will say.

The Liberal-Democrats are expected to support this resolution, while the Farmer-Laborites are expected to oppose it. The Progressives' attitude toward the resolution can not be predicted.

Gausmann in "Brig"

A bit of humor will be injected into the night's proceedings on the appearance of William Gausmann and Sam Katz, Farmer-Laborites, who last month failed to bring a bill on Economic Planning for discussion by the Congress. Gausmann was sentenced to spend thirty days in a figurative brig while Katz drew down a figurative thirty days in the pillory. The "striches" of the culprits will have another three figurative days to run on the night of January 17th.

Glee Clubs Make Appearance Saturday Night

THE UNIVERSITY Glee Clubs are now rehearsing for their first important public appearance of the year, when they will sing on the dinner program of the Federal Bar Association Saturday night at the Mayflower Hotel.

Under the direction of Dr. Harmon, the mixed group will sing the following selections:

"Lost Chord"—Sullivan.
"Ave Maria"
"Beautiful Savior"—Fifteenth Century Melody.
"Glow Worm"—Lincke.
"Czechoslovakian Folk Song"
"Kamenoi Ostrow"

Apt Interpretation Of "Our Town" Holds Large Cue & Curtain Audience Spellbound

SNAPSHOTS from the Cue and Curtain production of "Our Town" show Nancy Morgan as Emily Webb; Ernest Payne as the Stage Manager; Clinton Braine, Margie Beall, Sue Preston, Betty Green, and Nancy Morgan during the return from choir practice; and Nancy Morgan and Clinton Braine marching down the aisle after the wedding.

Ernest Payne and Nancy Morgan Give Outstanding Performances

(Hatchet Staff Feature)

THE GREATEST CROWD which Cue and Curtain has played before in years was held spellbound last Friday and Saturday nights by a realistic dramatization of the simple, homey life and philosophy

of the daily life in Grover's Corners, N. H., the small town which is the theme of Thornton Wilder's Pulitzer Prize Play "Our Town". In the starring role, Ernest Payne portrayed the very difficult part of the Stage Manager, verbally creating for the audience the illusion of the small town life, in this unique drama, produced without the aid of scenery or hand properties.

Carrying the continuity with nonchalance and disarming informality, he personally acquainted the audience with their friends in the de-

velopment of the story of the principals in the little village's change and growth. With the responsibility of creating the bridge between life and death in the cemetery scene of the third act, he developed the sensitive and transcendent mood of the emotional stress of the crossing of the heroine from life into death—the climax of the drama's theme.

Nancy Morgan gave the part of Emily, the ingenue lead, a well defined interpretation, sustaining the

(Continued on Page 6)

Camp Course Is Offered Next Term

Course Will Train
Students for Camp
Counselorships

A TRAINING COURSE in camp leadership will be offered again next semester by the University, under the direction of the Physical Education Department for Women. Designed for the study of administration, leadership, and program development in camps, this course is open to men and women who are preparing for or who are already engaged in work as counselors or executives.

One semester-hour of credit in the School of Education is given for the completion of this course.

Held on Thursday evenings at 7:30 p.m., beginning Feb. 15, the course each evening will be in two parts—general lectures and workshop or seminar.

General Lecture Sessions

The general lecture sessions will begin at 7:30 p.m. and will include discussions of contemporary camping, objectives, program, administration, leadership techniques, the camper, health and safety standards, daily routines, aquatics, and campcraft.

Directors of the general sessions will be Julian Saloman, Field Coordinator in Camping, National Park Service; Howard L. White, Director of Community Relations, U. S. Housing Authority; Caroline Lyder, director of Girl Scouts of Baltimore; Hugo W. Wolter, secretary, recreation committee, Council of Social Agencies.

Workshop and Seminar

Following the lecture, the class will break up into a seminar group and a workshop group. Hugo W. Wolter will lead the seminar group, which is designed for camp administrators or counselors with experience who plan to go into the administrative field.

The workshop group will work with the basic craft activities that can be developed from natural materials such as bark, native dye, and clay. A training crew will assist this group in the development of a program in crafts, drama, music, and nature lore. The class will be led by Herbert S. Price, Director of Recreation Section, Community Service Project, WPA.

One week-end in camp and a Saturday "cook-out" will complete the course.

Placement Bureau

Through the placement bureau of the Washington Council of Social Agencies, students completing this course will be assisted in finding camp positions.

The tuition fee for students who are registered in the University for other courses is \$8.00, while the fee for students who register for this course only is \$10.

Students in the University must register for the course during the regular University registration period. Others may register and pay the fee at the first meeting of the class, Feb. 15.

The catalogue number of the course is Physical Education 118.

School of Pharmacy On Accredited List

Briggs Announces
Action by Pharmacy
Education Council

DEAN WILLIAM P. BRIGGS

First Blossom Is Subject Of Contention

SHARP RIVALRY already has developed over the buying and selling of the "first blossom" in the 1940 Cherry Blossom Drive for the benefit of the School of Government.

Claimants of the privilege of wearing No. 1 Blossom include President Cloyd H. Marvin and Charley Hamm '40.

Hamm last week displayed a receipt for 10c from Miss Isola Moll, El Bala, P.D., as the basis of his claim—the receipt also serving as Miss Moll's claim to having sold the first blossom.

Marvin Buys Blossom

President Marvin paid \$1 for his "first blossom," making the payment in a letter to Chairman Frank Ford Burnet endorsing the drive, in which he said:

"In regard to the Cherry Blossom Drive, I am only too glad to give you my Godspeed."

"It is a most worthwhile activity."

"I am enclosing a dollar in payment for the first Cherry Blossom of the year."

Burnet said the President's dollar would be credited to general sales, and the co-directors, Miss Mary Severn and Miss Nancy Lutz, asked to decide on issuing No. 1-A and No. 1-B "first blossoms."

Hardy Repeats Popular Cosmos Club Lecture

DR. LEGRAND HAVEN HARDY of New York City will give the Smith-Reed-Russell lecture at the School of Medicine this morning at 11 o'clock in Hall A. The title of his lecture will be "It Might Be You."

Dr. Hardy, who is an eminent ophthalmologist, will discuss the future of medical science and the possibilities that the future holds for the medical student of today to be responsible for important new discoveries. Following the lecture a luncheon will be given in honor of Dr. Hardy at the Cosmos Club.

Dr. Walter A. Bleedorn, Dean of the School of Medicine, will preside at the lecture and introduce the speaker.

Art Department Opens Exhibition Featuring Myra Spence's Work

THE ART DEPARTMENT opened its third exhibition of the year on Jan. 7, showing the water colors of Myra Williams Spence. There was quite a crowd at the opening, as the water colors are unusually interesting. The work which attracted the most attention was a group of character sketches, done in water color and outlined with a bold pen. The exhibition was open last week to the general public and will be open again all this week.

Calendar

Today—Dr. LeGrand Haven Hardy gives Smith-Reed-Russell lecture at School of Medicine at 11 a.m. in Hall A.

Sigma Tau, national honorary fraternity, meets at 7 p.m. in D-204. Engineers' Council meets directly afterward.

Tomorrow—Psychology Club meets in Gov. 102.

Riding Club meets in D-202 at 8 p.m.

Baptist Student Union at Columbian House at 7 p.m.

"Keep America Out of War" Club in Columbian House at 8:15 p.m.

Sailing Club in D-201, 7:30 p.m.

Thursday—University Masonic Club meets at Acacia fraternity house at 7:30 p.m.

Pi Delta Epsilon in The Hatchet office at 7 p.m.

Christian Science Organization in Columbian House at 8:10 p.m.

Newman Club in D-104 at 8 p.m.

Friday—Chapel at 12:10 M. Prof. Donnell Brooks Young will speak.

Ward Sociological Society, Columbian House at 8 p.m.

Saturday—Women's Frosh-Soph and Junior-Senior basketball games in gym.

Glee Club sings at Mayflower Hotel.

THE UNIVERSITY School of Pharmacy has been accredited by the Council on Pharmaceutical Education; the national accrediting body for schools of pharmacy, Dean William P. Briggs has been advised.

58 Schools on First List

This agency has been engaged during the past two years in evaluating schools of pharmacy and has just published for the first time the list of approved institutions. Accrediting is based upon admission and graduation requirements, curriculum, degrees conferred, teaching staff, physical facilities, organization and control of the institution, financial stability, age of the institution and of the 4-year curriculum, etc. Fifty-eight schools throughout the United States have been approved.

The Council on Pharmaceutical Education was organized in 1932, sponsored and authorized by the American Pharmaceutical Association, the National Association of Boards of Pharmacy, and the American Association of Colleges of Pharmacy, with the American Council on Education acting in an advisory capacity.

One of Oldest Schools

The University School of Pharmacy is one of the oldest in the United States, being the sixth to be established. Its foundations were laid in 1867 by the Apothecaries' Association of the District of Columbia. It was opened in 1872 as the National College of Pharmacy and in 1906 became affiliated with The George Washington University. Since its founding, 629 persons have been graduated from the school, of whom more than 200 now are located in the District of Columbia.

Prof. William Paul Briggs, educated here and at the University of Maryland, is the Dean of the School of Pharmacy. He is assisted by a staff of 11 professional lecturers and assistant professors.

Students May Register Now

Pre-registration
Will Continue
Through Tuesday

BEGINNING YESTERDAY and continuing through next Tuesday, students now attending the University may preregister for the second semester. The procedure is as follows:

1. Secure registration blanks from the office of the Registrar, C-100.
2. See your advisor or the head of the department in which you have your major, and have him approve your program.
3. Complete all forms, secure approval of the Dean of the School, College, or Division concerned.
4. Deposit completed blanks at the Cashier's Office in Corcoran Hall.
5. Fees may be paid at that time or may be postponed until the regular registration days, Feb. 6, 7, and 8.

Regular Registration Feb. 6, 7, 8.

Regular registration for the second semester will take place Tuesday, Wednesday, and Thursday, Feb. 6, 7, and 8. Freshmen will register on Feb. 6 in Government 101-102. Under the direction of the Dean of the Junior College, William C. Johnstone, the special freshmen advisors will be on hand to render any assistance necessary.

Upperclassman registration will be held in Government also. The schedule is as follows:

Junior College—Room 101.
Columbian College—Room 102.
Engineering School—Room 202.
Education—Room 200.
Government—Room 204.
Pharmacy—Room 201.
University Division—Room 203.
Law Students—Stockton Hall.

Medical students are not required to register this semester.

Fees for all University divisions will be payable in Government 2.

Deibert Holds Foreign Students Tea Thursday

PROF. ALAN T. DEIBERT, adviser to students from foreign countries in the University, will give a tea on Thursday from 4 until 6 o'clock at International House.

All students from foreign countries and members of the International Student Society are cordially invited to attend.

Hostesses will be Mrs. Edward Freer, wife of the Counselor of the Legation of Switzerland; Mrs. William Crane Johnstone, Jr., wife of the Dean of the Junior College; Mrs. Barrows, Director of Women's Personnel Guidance; Mrs. Lee, hostess of Strong Hall; and Miss Dorothy Glogovac, of Czechoslovakia, a member of the International Students' Society.

Miss Elizabeth Burnett, who was President of the International Students' Society last year, will entertain with accordion solos.

"Man is but a reed, the weakest in nature, but he is a thinking reed,"
PASCAL

"There never was a good war or a bad peace."
FRANKLIN
"Love truth, but pardon error."

Stepping Out?

SPEAKERS AT GRADUATION TIME are likely to expound on the theory that a student learns a lot in school outside of classes, by contact in a social way with his fellow students. Perhaps there will be such a speaker at the graduation ceremony of each student now enrolled in the University. And surely no student wants to so conduct himself as to cause such a speaker to be a prevaricator, in respect to even one student. It is therefore the moral duty of each and every Joe to see a bit of the social life of the campus, to learn to be a suave, polished gentleman on the dance floor and at the reception line.

All of which leads inevitably to his attendance at the All-University Prom, coming up February 2, next. It is the one social function of the year to which everyone, regardless of group interest or affiliation, is cordially invited. It is just what its name implies—for all the University.

Every student owes it to himself to step out at least once a year—to join in the lighter side of campus life which will be remembered long after much of classroom memory work is forgotten.

Will we see you there?

Twilight Of An Era

AN OBT-QUOTED LINE is the one, "The only permanent thing is change." It applies to almost everything, everywhere. Our own campus is no exception.

A number of activity leaders, past and present, have this year noticed and commented upon the fact that the campus activity scene is undergoing a decided change. We are today apparently in a period of transition.

Several years ago was the heyday of the fraternity politician. Campus elections were hot and heavy things, with scores of "organization men" scurrying around for weeks before a big election, lining up the boys, making "deals" for organization support, and swapping offices for whatever concessions they could get.

It was the day of the professional activity man. Every fraternity had one or two; and some of the non-fraternity boys were right "in there fighting" too. One who was fortunate enough to have the backing of the right political party at the right time would climb from job to job, eventually rising to one of the half-dozen "big" positions on campus.

And for some reason or other, most of these activity leaders were night students. There were those of the full-time day school classes who were in the Big Man On Campus circle, but by and large it was the night students who controlled activities.

Today, although the great majority of students may not have become actively aware of it, that system is rapidly becoming history. In a few weeks Omicron Delta Kappa, honorary activities fraternity, will nominate for membership, as usual. It is a safe bet that they will not be overwhelmed with possible candidates. For some reason, the professional activities man is conspicuous by his absence.

It is quite possible that this decline in importance of night students in campus activities is a part of the growth of the University. A harder curriculum may be demanding more time for study, with consequent less time for extra-curricular activities. Or it may be just one of those unexplainable things, proving that "people are funny."

The experiment in class clubs, started three years ago, was particularly interesting in this connection because they were limited in membership to day students. In general, the first Freshman Club and the first Sophomore Club the following year, and that year's Freshman Club, were highly successful. Since then, they have been for the most part poorly supported and generally inactive.

But, remembering that the pendulum keeps swinging back and forth, we see in the present lull in campus activity life the period of incubation of a new burst of student extra-curricular activity.

When it does come—and it only awaits the development of a new leader and organizer of the type of Wayne Kniffin in the organization of the first Frosh Club—it will be the day students who will be in the saddle.

And many of the old-time night school activity leaders are not particularly sorry to see the change come. They have had their day, and it has been a long, hard one.

In only two major instances has this impending change been hastened by set limitations favoring day students. The first was in the avowed day school class clubs. The second is in the 60-hour rule for membership on the Board of Editors of The Hatchet. That rule was first invoked in selecting the present provisional board. It is almost certain to be retained in the permanent reorganization expected to become effective within a few weeks. And it means a decided advantage for those day school students who have hopes of working up to a position on the Board.

Whether additional restrictions will be placed in the way of night students or not, the change is definitely indicated. It is a challenge to the new students. A little glory, a little satisfaction in accomplishing worthwhile results, and a lot of hard work await them.

Grade "A" Again

RECEIVING PERHAPS the best review from a down-town paper that any Cue and Curtain production has received in recent years, the production of "Our Town" was a complete success. Congratulations go to Director Floyd Sparks for excellent direction of the most harmonious cast we have seen in any University production. Cue and Curtain has now, after over a year of hard work and rehabilitation, completely reestablished itself as a Grade A campus organization.

By George!

Wanted: One Colonial

AMERICAN UNIVERSITY was inserted a want ad for a living American eagle in the downtown papers last week. Since their athletic teams are called the "Flying Eagles," they thought an eagle mascot would be appropriate. George, here and now, strongly urges that this undesirable tendency be checked at once. If such antics are allowed to spread from campus to campus it won't be long before somebody here starts advertising for a Colonial, or even worse, somebody at Georgetown inserts a want ad for a Hoya or a Saxa.

Loves School

MARGARET DAVIS, who should know better, having been a B. W. O. C. here some time ago, forgot all about vacation and came to her class the first day of Christmas recess. To make matters worse, she also came to school expecting to go to class on the last day of the same recess.

Retrogression(?)

FRANK FORD BURNETT, former member of The Hatchet editorial board, doesn't care who knows that one of the first sections of the morning paper that he reads is the woman's page, George hears.

Eskimos?

EITHER ESKIMOS or fresh-air birds must occupy two rooms in Strong Hall. On one of the frosty mornings the third window from the left on the third and fourth floors were wide open to admit the arctic ozone. Brr-brr.

THE BOTANY Department of the University announces an archeological find of great importance. The discovery was made by Dr. Robert F. Griggs on the fourth floor of Building C. It was in a cardboard box labeled "Excavate" and was addressed to Dr. Griggs. Inside the box was found a mounted fossil with the following description:

"Pith-I Who-Gives-A-Damn-Apus Erectus. Fossil remains found in soup bowl in 1939. Because of the loose connections and lack of arch in the foot, thought to be a predecessor of the jitter-bug. Slap-happy expression due to college education."

The specimen is on exhibition in Dr. Griggs' office.

Literary Department

THE FOLLOWING is an anonymous contribution received, to which the editors echo, Amen.

"What have you done?" St. Peter asked.

"That I should admit you here?"

"I ran my college paper, sir. Throughout my junior year."

St. Pete affirmatively nodded his head.

He knew the case so well.

"Come in, poor thing, select your harp."

You've had your share of hell."

The Students Say:

Co-ed Cheer Leaders

MANY STUDENTS and faculty members of George Washington University have become interested in the recent proposal of the Better Cheers Committee that co-ed cheer leaders be appointed to serve at future athletic functions, along with the present squad.

The Better Cheers Committee realizes only too well that G. W. is probably the largest university in this section of the country with school spirit at such a low ebb. The Committee realizes also that large numbers of students attend the athletic functions, but the cheer leaders have not been able to incite any fighting spirit at all, which should clearly demonstrate that something is badly wrong with the present system. At the same time, in some of the extremely small colleges over this country, cheering squads composed usually of four boys and three girls have been successfully leading cheers, and in those schools the cheering sections do not even approach ours in size at all.

G. W. played a good brand of football last fall. It was football good enough to have merited loud and appreciative cheering from the west side of Griffith Stadium. But our cheering section sat listlessly by, attempting to keep warm and do side-line quarter-backing, not appreciating anything that was happening on the field. When we went to the first football game at G. W. I thought that attendance at football games must be compulsory. The cheering section reminded me of a child being forced to attend a recital and hating it.

Roy Lever and the Rousers Club, ably assisted by Don Thomas and the cheering squad, improved school spirit somewhat this year. But the cheering still is not up to par, and it will not be until we actually see co-ed cheer leaders out on the field whooping it up for the Buff and Blue.

Cheers Ready to Volunteer

It can be done, and with the proper support, we shall see some brightly dressed girls leading cheers

Final Examination Schedule

January 27-February 3, 1940

The class schedule is suspended during the examination period. Examinations will be two hours in length. Books and scratch papers may not be taken into the examination room unless authorized by the instructor in charge.

Third-group courses are not included. Courses in Law, Medicine and Pharmacy will be arranged by each school involved. Conflicts which cannot be adjusted with the instructor, and errors should be reported to the Registrar.

next fall. We have many girls at G. W. who would appreciate the honor of being a cheer leader. Let's give this proposal all the support that we can muster, and next year Griffith Stadium will resound with yells from an inspired cheering section.

Sincerely,
Eugene Crowe.

Accountancy

COURSES leading to B. S. and M. S. degrees, including C. P. A. preparation.

CLASSES are limited in size. Strong faculty of leading C. P. A.'s and attorneys-at-law.

ACCOUNTING courses based on nationally-known texts, used in leading universities.

STRAVER trained men have made impressive records in recent C. P. A. examinations.

Midyear Classes Start February 5
Class sections at 5:00 and 7:00

Engineering Slants

By CHARLES G. KURZ

A RECEPTION for Dean and Mrs. Felker will be held in the Hall of Government on Wednesday, January 24 at 8 p.m. All engineering students and their girl friends are requested to be present to meet the new Dean.

Dean Felker is an outstanding man in the engineering field, and we feel sure that he needs no further introduction to you.

THETA TAU, professional engineering fraternity, initiated twelve engineering students at a banquet at the Hay Adams House last Saturday evening. The new T.T.'s are Robert Carter, Patrick Clifford, Richard Fenton, Francis Finan, William Penn, Morgan Percy, Morton Rabineau, William Randall, Julius Ritter, Rowland Schulte, and Alonzo Thomas.

SIGMA TAU, national honorary fraternity, will hold their semi-monthly meeting at 7 p.m. in D-204.

THE ENGINEERING COUNCIL will hold their meeting immediately following that of Sigma Tau. All members are requested to be present.

ALL ENGINEERING STUDENTS interested in attending the field trip with the A.I.E.E. to Buzzards Point Power Plant on Sunday afternoon, January 21, please notify William Beebe, Secretary of the George Washington University Branch of the A.I.E.E. before Wednesday night. Transportation will be provided if necessary.

TO ALL UNIVERSITY STUDENTS! Remember, there's a treat in store for you after this semester is over—the Ninth Annual Engineers Ball—Friday, February 23—Shoreham Hotel. We would suggest that you get your tickets now so that the expense of meeting the new semester bills will not press your pocket-book. Tickets may be purchased from any member of the Engineers Council or from officers of the engineering societies. If you don't know who they are, just come up to the Engineering Balcony at 5 p.m. any day and call out for a member. We'll be there.

Dr. Yocum Reports On Botanical Meeting

DR. LAWSON E. YOCUM of the Botany Department gave a paper before the Botanical Society of Washington last Tuesday. The paper was a report of the activities of the Botanical Society of America which held its convention in Columbus, Ohio, during Christmas vacation.

The meeting of the Botanical Society of America was held as part of the convention of the American Society for the Advancement of Science, attended by 5,000 scientists.

One of the outstanding reports of the convention was given by Dr. Wanda R. Farr, director of the cellulose laboratory of the Boyce Thompson Institute for Plant Research at Yonkers, N. Y. The report announced the discovery of how the living plant makes cellulose, one of the fundamental materials of our civilization.

Few Copies of Calendar Remain in Student Club

A FEW REMAINING copies of the new University Calendar are available at the Student Club.

The Calendar contains pictures of University activities, buildings, and landmarks. In addition, more than 400 functions, events, and special occasions are listed. There are also the scores of last year's sports events.

Buff and blue, colors of the University, are used in the Calendar which is printed in blue ink on buff paper and hangs by a buff and blue silk cord.

The Calendars are free to students, alumni, and faculty members. Only one Calendar is given to each person.

Ragatz Edits Bibliography

LISTING EVERY HISTORICAL work, article, and book published in every language and in all countries of the world from antiquity to the present, the International Bibliography of the Historical Sciences for 1938 has just been printed in Paris.

The American contributors to the publication include Professor and Mrs. Lowell Ragatz, who covered American writings on all parts of the world except America, and Dr. Henry Beers of the National Archives who covered American writings on the Americas.

Riding Club Revamps Program at Meeting

THE RIDING CLUB will hold a business meeting tomorrow at 8 o'clock in D-202. The members will discuss the revamping of the early morning rides, a social program, and intercollegiate riding competition.

Masonic Club Of University Meets Thursday

THE UNIVERSITY MASONIC CLUB's first social meeting of the year will be a dinner Thursday at 7:30 p.m. at the Acacia fraternity house.

After-dinner entertainment will feature two motion pictures on the scenic wonders of U. S. National Parks, presented through courtesy of the Department of Agriculture.

Invited guests include President Cloyd H. Marvin, Mr. Melville Hensley of the National League of Masonic Clubs, Dean W. Reed West of the School of Government, and the six scholarship holders in the Foreign Service School.

All faculty and student Masons and their friends have been invited to attend.

Former Hatchet Editor Undergoes Operation

MARGARET DAVIS, a former editor of the Hatchet, underwent an appendectomy at the University Hospital last Thursday morning. Latest reports from the hospital reveal that her condition is improving rapidly.

Miss Davis, A.B. '37 is now candidate for a master's degree at the University. She is also an alumni member of the Committee on Publications.

Omicron Delta Kappa Revises Membership Point System

Five Phases of Collegiate Activity To Be Considered

OMICRON DELTA KAPPA, men's honorary activity fraternity has revised its point system for membership.

Under the provisions of the National Constitution, ODK seeks to recognize outstanding ability in any one of five phases of collegiate activity: athletics, scholarship, religious and social clubs, publications, forensics, dramatics and other activities. According to its provisions, each prospective candidate is to be rated under each one of these five headings. Outstanding service in any one of these phases or creditable service in a number of them should be sufficient to incur the eligibility of a candidate.

The construction of the point system has been based upon the realization that a greater proportionate effort is required to reach the peak of achievement in any one field, than is required to attain average competence in a number of fields. That is why, for example, a ten-point position, indicative of a maximum achievement in one major field, is regarded as equal to sixteen activity points earned in two or more lesser fields.

ODK Point System (As adopted and approved January 14, 1940.)

I General Requirements—

Candidate must have:

1. 60 semester hours credit completed (work being carried at time of election may be counted).

2. A scholastic average equal to or above the University All-Men's average.

3. 16 activity points providing that no single position carries more than 6 points. In such an instance candidate must have at least two (2) six point positions or one (1) six point position and two (2) four point positions, or

4. 14 activity points providing that candidate has at least one (1) eight point position. The remaining six points may be obtained by adding together points allotted for other positions held, or

(5) Any ten (10) point position enumerated herein.

II Points granted for specific positions held or honor achieved.

Ten (10) Point Positions

1. Student Council President.

2. Hatchet Editor-in-Chief and Hatchet Associate Editors.

3. Senior Manager of Sports.

4. Four Varsity Letters.

5. Persons who have acquired national recognition in a major intercollegiate sport—football, basketball, tennis, rifle, baseball (if the recognition consists of selection on an All-American team, such team must be one chosen by a person or persons nationally known. In football selection must be on the first or Second All-American team as picked by the All-American Board of Football, the Associated Press, the United Press, or Grantland Rice, Collier's. In rifle selection must be for the team chosen by the National Rifle Association. In tennis person must be seeded amongst the first ten male intercollegiate players as determined by the U. S. Lawn Tennis Association. In basketball and baseball the honor must be such as to merit a two-thirds vote of the active chapter in election meeting assembled).

6. Outstanding meritorious service to the University (not more than one man each semester). Two-thirds vote of membership present at meeting required.

7. Three years outstanding service, on recommendation of the respective directors (not more than one man from each activity listed per year):

(a) Band
(b) Cue and Curtain
(c) Debate
(d) Glee Club

Eight (8) Point Positions

Cherry Tree Editor, Hatchet Business Manager, Three Varsity Letters, Head Cheerleader, Captains of

Varsity Teams, Intra-Mural Director, Student Comptroller, 3.50 Scholastic Average, for 75 Semester Hours.

Six (6) Point Positions

Handbook Editor, Cherry Tree Business Manager, Hatchet Senior Staff Members (Only after one (1) year's service as such); President of The Rousers, Two Varsity Letters, Three Years Service as Cheerleader, Student Manager of Major Sport, Public Forum Director, Program Director, Advocate, Student Council Publicity Director, Student Council Secretary-Treasurer, Chairman of Political Party which polls at least 25 per cent of the total vote in General Student Election, Student Congress President, Band President, Glee Club Manager, Cue and Curtain Production Manager, Cue and Curtain Business Manager, President of Interfraternity Council, President of any social unit furnishing living accommodations for male students (particular application to social fraternities. Full term's service required); Treasurer of any social unit furnishing living accommodations for male students (particular application to social fraternities. Full term's service required); 3.25 Scholastic Average for 75 semester hours, two year's Outstanding Service, on recommendation of the Respective Directors (not more than one man from each activity listed per year): (a) Band, (b) Cue and Curtain, (c) Debate, (d) Glee Club.

Four (4) Point Positions

Hatchet Advertising Manager, Handbook Business Manager, Handbook Associate Editors, Associate Editors of Cherry Tree, Student Council Social Chairman, Freshman Director, Student Council Members Not Listed Above, Buff and Blue Room Director, Coop Director, Food Drive Director, General Chairman and Director or Co-Director of Cherry Blossom Drive, Student Chairman of Student Bar Association-Committees, Student Members of Executive Committee of Student Bar Association, Social Chairman of Interfraternity Council, Interfraternity Council Treasurer, Interfraternity Council Athletic Chairman, Interfraternity Pledge Council President, Band Secretary, Band Librarian, President of Engineers' Council, Social Chairman of Engineers' Council, Honorary and Professional Fraternity Presidents, 3.0 Scholastic Average for 75 Semester Hours.

Two (2) Point Positions

Student Council Assistant Directors, Class Club Presidents, Members of Engineers' Council, Each Year of Participation in Varsity Debate, Interfraternity Pledge Council Social Chairman, Two Years' Service in any Activity or Organization including Social and Professional, but not Honorary Fraternities.

Note: The mere holding of an office does not, of itself, insure credit for positions held. With the exception of the ten (10) point positions, not more than eight (8) points may be earned in any one activity.

Placement Exams Are Required of Freshmen Students

FRESHMEN students in the University are required to take an English placement examination and a psychological aptitude test. The English examination will be given on Monday, February 5, at 10 a.m. and again at 5:30 p.m. in D-104. The psychological tests will be given on the same day at 1 p.m. and again at 7:45 p.m. in D-104.

All entering men students are required to take a physical examination at this University. The examination is scheduled for Thursday, February 8, at 11 a.m. Definite assignments will be made at the time of registration for taking the examination. No student is fully registered in the University until he has taken these required examinations.

Thoburn Lyon Speaks To Aviation Class

MR. THOBURN C. LYON, author of "Practical Air Aviation" gave a brief talk on aviation to the Flight Program Class recently. Mr. Lyon is a cartographic engineer for the U. S. Coast and Geodetic Survey, publishers of our aeronautical charts.

Mr. Arthur G. Norwood, Kimball "Lochinvar" Scribner, and Lawrence "Bud" Galloway have been interested and helpful visitors to the Flight Program classes these past few weeks. It is hoped that more of the local flight operators and members of the Civil Aeronautics Authority, drop in on the class which meets Tuesday and Thursday from 5 to 7 p.m. in building C, Room 204.

A Bum System

A SURVEY at Emory revealed that a student buying a pack of cigarettes can expect to have five bummed from him before the last one is gone.

Even a longer burning cigarette can't stop that business.

Psychology Club Has Varied Program Plans

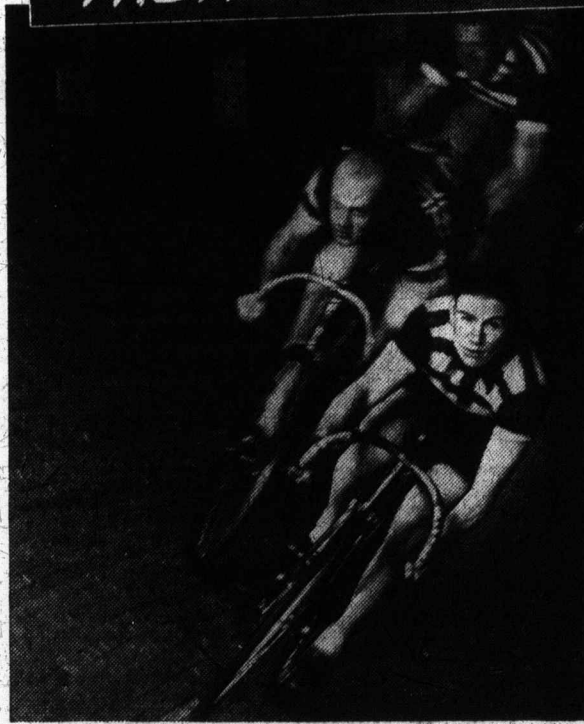

THE PSYCHOLOGY CLUB has arranged a varied schedule for the coming months, according to I. N. Mensch. Tentative plans have been made for Dr. J. Edward Rath of Catholic University, who recently gave a demonstration on eidetic ability or image formation before the Cosmos Club, to repeat the demonstration for the Psychology Club. Other topics of popular and scientific interest, frequently illustrated by slides or films, are also being scheduled.

The club is extending its membership to students majoring in the field and to anyone interested in this science.

Rousers Want New Members

ROY LEVER, head of the Rousers, announces an opportunity for about ten more students to become Rousers. Those who are interested are asked to come to the Student Council office on Thursday at four. These students will be trained during the rest of the basketball season and will be ready for a bigger and better football season next fall.

"FASTEST MAN ON WHEELS"

Here's ace bike rider Cecil Yates burning up the track at Madison Square Garden. He's won eight six-day bike races!

Time out...for a few winks of sleep, a meal, a quick massaging of weary muscles—and a mighty welcome Camel.

WHEN Cecil sprints, the track fairly smokes. But when Cecil smokes, speed's the last thing he wants in his cigarette. Because cigarettes that burn fast can't help but burn hot. And excess heat burns away the tobacco's elements of flavor and fragrance. The result is a hot, flat, unsatisfactory smoke.

"Slow-burning cigarettes are cooler, milder, tastier,

MORE PLEASURE PER PUFF...MORE PUFFS PER PACK!

and more fragrant"—science and common sense both say so. And the slowest-burning cigarette of the 16 largest-selling brands tested was Camel! (The panel to your right gives details.) A few puffs of a Camel tell you that there's more pleasure per puff...and then you find that there are more puffs per pack—an average smoking equivalent of 5 extra smokes!

...he smokes slow-burning Camels for EXTRA MILDNESS EXTRA COOLNESS EXTRA FLAVOR

SPEED'S MY BUSINESS...BUT FOR PLEASURE GIVE ME A SLOW-BURNING CIGARETTE...CAMELS ARE Milder AND COOLER

In recent laboratory tests, CAMELS burned 25% slower than the average of the 15 other of the largest-selling brands tested—slower than any of them. That means, on the average, a smoking plus equal to

5 EXTRA SMOKES PER PACK!

Copyright, 1940, R. J. Reynolds Tobacco Company, Winston-Salem, N. C.

Camels — the cigarette of Costlier Tobaccos

All-U Prom Will Be On February 2

• THE UNIVERSITY students will let down their hair and celebrate the completion of exams at the All-University Prom, which will be held this year at the Kennedy Warren Hotel on February 2.

Watson Powell's ten-piece orchestra will furnish the music for the third annual prom sponsored by the entire University. The idea of holding one prom which will be open to all members of the student body was started two years ago by the Student Council.

Daughterly in Charge

John Daugherty, President of the Student Council, and in charge of arrangements for the dance, said, "This dance is for every member of the student body. It will include people from Law School, Medical School, and Engineering School, as well as the Undergraduate School."

A grand march, which will take place just at midnight, will include representatives from all of the activity organizations on campus. Representatives from the Student Council will lead the march, and members from Cue and Curiah, The Hatchet Board, Religious Clubs, Student Congress, Women's Athletic Association, and other activities on campus will follow.

O. D. K. Will Tap

Omicron Delta Kappa, Men's Honorary Activities Fraternity, will hold its annual Tapping service at the dance.

Tickets will be two dollars, and may be obtained at the Student Club, or from members of any sorority or fraternity. For those students who own co-op books, only the final payment of one dollar and a half will be necessary for admission to the dance.

Last year two swing bands were featured at the prom, and furnished two types of swing music. Although there will be only Watson Powell's orchestra this year, those familiar with his music will need no reassurance that Powell will be able to make another orchestra unnecessary.

The two preceding proms met with the unanimous approval of the entire University. The traditional time comes at a most appropriate moment, when the remedy for the mental havoc wrought by "finals" is a good dance where the F's and D's can be forgotten.

Fraternities Are Quiet For Exams

• ALL'S QUIET on the fraternity front—it may be true but it is certainly true or else the boys are slowing up on their usual party hunt this week.

However, with finals and all, we are inclined to believe the former reason. A few brave souls decided to ignore public disapproval, though, and entertained. Kappa Delta and Phi Sigma Kappa held an exchange dinner Monday night at Old Sigma Kappa and S. A. E.

Sig Ep pledges gave a supper and dance for the active chapter at the house Sunday night. Joe White and Fred Brooks are now possessors of the S. P. E. pledge pin, too. The Acadians, also, were busy that night. They entertained the Delta Zetas at dinner.

The Tokes continued their newly formed policy of after-gate entertainment when they got together for a dance after the V. P. I.-G. W. tilt.

Hamilton Baker, National Grand President of Kappa Sigma, has been visiting the chapter here this past week-end.

Dirr

And now, although entertainment has almost stood still this week, gossip (dirr) hasn't. Here are the latest developments: A bridge league fan warned Charley Hamm away the other day "not that I mind a kibitzer but a mental hazard is the limit."

We are wondering why the Sigma Nix did not have Ann Corio up to dinner again this year. Frank Mann endeavored to offer an explanation, which you can take for whatever you want—"her art takes too much out of her."

FLASH** We may be wrong but we think it is pretty good when we can get news of a pinning two weeks before it happens. Anyhow the S. A. E. tell us that John Frisbie is expected to lose his pin any day now—so don't pull that old laundry gag, John, and the new possessor will be that cute little Pi Phi.

Reminiscing

It may be the hearing of the end of a semester (and it may not) but we do feel in a reminiscing mood and so glanced through some old old gossip columns. What those "greats" of last year were doing—and how, is indeed something. So here goes!

"Grant Sherer's line: When his date steps into the car, he hands her a cigarette and then says, 'Do you satisfy or would you rather walk a mile?'"

"From the Pi Phi pledge class—Who, Charley Hamm, yeh, one of my pet airdales—pet him little and you've found the way to his heart." How does this year's class feel or do they?

An Ace Romance

"Bill Rochelle and Julia Evans were both back in town and together again, the latter without Bill Coburn's 'politically minded' Sigma Chi pin—Virginia Tehas and Coburn were seen in church together on New Year's Day (6 a.m.). Could it be that Pi Phi has some votes, too?" Nuff said.

"Be it ever so maddening it's no worse than a giggle in the middle of a kiss—John Casey took 45 minutes to say good night to Ann

Council Members Pictured at Interfraternity Pledge Prom

Interfraternity Pledge Prom Is A Success

• THE INTERFRATERNITY pledge prom, held for many years as a traditional event on campus, was for the first time in four years a financial as well as a social success.

Over three hundred coeds and their escorts were in attendance at the annual dance Friday night. The main ballroom of the Shoreham Hotel was the background for the popular first-dance-of-the-year and a new note was introduced with a local orchestra, the Trojans, furnishing the musical accompaniment.

Grand March

As in former years, the Grand March was held immediately prior to intermission. Pledge delegates from all the fraternities and their dates participated.

The march was led by the president and the social chairman of the Interfraternity Pledge Council and their dates.

Headed by Wallace Buell, Sigma Chi, and Nancy Gregory, and John O'Donnell, Delta Tau Delta, and Millie O'Connor, the other delegates to the Council, Bob Dearth, James Sullivan, Ted Culp, Bob Roadley, Bill Baldwin, Cullen Jones, Phil Young, Gene Crowe, Bill Hawthorne and Bud Clay escorted their dates down the center of the ballroom.

Gene Lerner Introduced

During intermission, Wallace Buell introduced Gene Lerner, president of Cue and Curiah, and his in-laws, introduced several members of the cast of "Our Town." Prominent among them were Bill Zeller, Sigma Alpha Epsilon; Bill Darnell, Sigma Chi; Keith Adamson; Miss Nancy Morgan, Pi Beta Phi; and the Misses Marjorie Beall, Elaine Barry, and Anne Peterson of Kappa Kappa Gamma.

Before the dancing was resumed a silver loving cup was awarded to Chris Cagle, president of the Tau Sigma Rho pledge class. The class won this honor for presenting the most amusing and original skit at the pledge smoker last October.

Pilar Ravelo Presents Verbal Philippine Tour

• SPONSORED by the International Students Society, Miss Pilar Ravelo, one of its members, gave an illustrated lecture on her native country, entitled "Taking an Audience on a Tour of the Philippines," last Wednesday evening at 8:15 o'clock in Room 102, the Hall of Government.

Dressed in her picturesque native costume, Miss Ravelo performed several Filipino folk dances to the accompaniment of a trio of Filipino musicians preceding her lecture.

The lecture, appropriately accompanied by slides, reviewed life and conditions in the Philippine Archipelago. Miss Ravelo not only pointed out the economic and material up-to-datedness of her country, but also emphasized that women enjoyed social and political freedom as in the United States, this especially in view that this is contrary to all oriental characteristics.

Miss Ravelo is Press Relations Officer in the office of Philippine Resident Commissioner to Washington, being correspondent for several Manila papers. She is also a member of Mrs. Roosevelt's weekly press conference and is taking a course in Journalism at the University.

Blackstone's "other night"—must have been hilarious.

"Wayne Kniffen sent orchids to Betty Stevenson the other night and five other men got the credit." Even then?

Cap Gardner is getting too popular. He wishes the Chi O's would leave him alone. We hope the sisters are cutting each other's throats. Congratulations go to Jane Reese.

"On the bulletin board (it didn't say what bulletin board) appears a request for two cute boys, must be blond, who are interested in meeting two cute Phi Mus." Hmm, Cute?

And Now

Back to the present—the following was overheard at The Hatchet office:

Editor: Speaking of wrestling, have you ever noticed that the cars in front of Strong Hall at about 2 a.m. look like they hold one very bulky person? That's wrestling.

Reporter: That's not wrestling, that's submission.

• THE TOP PICTURE shows the delegates to the Interfraternity Pledge Council and their dates last Friday night at the annual pledge dance. From left to right, they are, front row: Sue Burnett, Mary Frances O'Neal, Lois McCann, Florence Clark, Barbara Bachrach, Virginia Gunion, Mary Ida LeBrou, Patricia O'Connor, Nelle Hudgens, Millie O'Connor, Nancy Gregory, and Frances Thomas. Rear row: Robert Dearth, James Sullivan, Ted Culp, Bob Roadley, Bill Baldwin, Cullen Jones, Phil Young, Gene Crowe, Bill Hawthorne, John O'Donnell, Wallace Buell, and Bud Clay. In the lower left picture Rita LaCombe, Roy Lever, Lucille Morris, Paul Shidaker and Betty Licht pause for a few pleasantries between dances. And in the lower right, John O'Donnell, social chairman of the Interfraternity Pledge Council, presents Chris Cagle, president of the Tau Sigma Rho pledge class, with a cup. —Courtesy National Features-Danish & Washington Post.

• (ED. NOTE): Affairs of the heart have become so twisted and in other ways complicated around these parts lately that we of the Society page have decided to do something about it. Hence the Clipper who solves all problems has come out of retirement and is "ready for action." Please send in your numerous problems or he will think his services are no longer needed.

Dear Clipper:

I am terribly and madly in love with a B. M. O. C. (he's a glamour boy, too). My sorority sisters say I have no chance as I'm the sweet, old-fashioned type. What shall I do? —Heartbroken.

Dear Sweet and Simple:

It seems to me your problem is quite clear cut. First of all ask yourself how madly you love this boy. If the answer is "yes," your sorority sisters can tell you what to do. (Signed) I'm in the Same Boat.

Dear Clipper:

I'm in a muddle. Every time anyone plays a so-called song which mentions the Astor, a crowd gathers around the nickelodeon. Why? —Muddled.

Dear What's Your Trouble:

If you have heard the words and still ask that question you are in a muddle. Anyhow, the S. A. E.s will tell you why. They're most of the crowd. (Signed) I Laugh Too.

Dear Clipper:

What are Midshipmen like? I have been around but not that far yet. —Blondie.

Dear Blondie:

Better be prepared—they know the ropes—and I might say that most of it is line. (Signed) I've Been Around Too.

P. S. We'll see you Wednesday at the game against the middles.

Dear Clipper:

What can I tell my parents after they have seen my grades? —Worried About It All.

Dear W-A-B-I-A:

If you are a boy tell them that the prof graded on the curve and you were the only boy in the class giving him competition. If you are a girl you should have made your grades! —Here's Hoping.

Dear Clipper:

I have had so many boys tell me that I "am only human after all." Just what is the significance of this phrase? —Co-ed.

Dear Co-ed:

That phrase has no significance. In addition, let me advise you that in any conversation in which that phrase is mentioned the best thing to do is to tell the K. S. that you want to go home. —Clipper.

Mortar Board Entertains Professors

• MORTAR BOARD continued one of its well known policies when it held another enjoyable "Apple Polishing Luncheon" at Columbian House last Wednesday.

Mrs. Vinnie G. Barrows, Dean of Women; Mrs. Lee, housemother of Strong Hall; Dr. William Johnson, Dean of Junior College; Dr. Howard Merriman, American Diplomatic History; Dr. John Brewer, International Law; Dr. Edward Acheson, Professor of Finance, and about fifty women students gathered together for a social visit and a delicious luncheon.

The luncheon was scheduled to last until 1 o'clock, but it was noticeable that the guests, far from being bored, made no move to leave until nearly 2.

Started Last Year

The "Apple Polishing Luncheons" have been enjoying quite a success since they were started by the outstanding senior women as an experiment last year.

They have been particularly popular among the freshmen students who are meeting their professors for the first time. However, last Wednesday, the majority was in favor of the upper classes.

An attempt is made by Mortar Board to entertain different professors at the various luncheons, so students will have every opportunity to meet their teachers in a social as well as a classroom manner.

Norma Hatfield, Hazel Smallwood, Virginia Tehas and Virginia Birkby were in charge of arrangements for the luncheon Wednesday.

Miss Trowbridge Visits South

• MISS MARIANNA TROWBRIDGE, a Pi Beta Phi, has left for a two or three month trip through the South with her uncle and aunt, Mr. and Mrs. George Crobarger. She will continue her work at the University when she returns and will also study voice with Arturo Rapalardo.

Wilgus Will Teach At Northwestern Summer Sessions

• DR. A. CURTIS WILGUS, University history professor, is slated to teach at the Northwestern University summer sessions this year. He will lecture on Hispanic-American History.

Dr. Wilgus, who is a recognized authority in the field of Hispanic-American History and a prolific writer and bibliographer on the subject, has taught in former summers at the University of Maine, Pennsylvania State College, University of Missouri, University of South Carolina, City College of New York and Ohio University.

Round Robin Continues At K. A. House

• A ROUND ROBIN DANCE was held Sunday night at the Kappa Alpha House to which the members of all fraternities and sororities were invited.

These dances, which are at present enjoying their second year of popularity, began their existence purely as an experiment last year. It was felt at that time by the Interfraternity Council that fraternities would enjoy weekly get-togethers as well as the four large interfraternity events; namely, Interfraternity, Panhel, Interfraternity Pledge, and Panhel, Pledge Proms.

From the large crowd which has gathered at all of the Round Robins it is apparent that this proved to be the solution to Sunday night dates, as well as the hoped for Interfraternity dances.

This year the round robin was interrupted first by the food drive dances held by all the fraternities immediately prior to Christmas and then by the holidays themselves. They were resumed again, however, by Kappa Sigma on January 7. The next dance will be held at the Phi Sig house after exams.

Eligibilities For Sport Announced

• ALL WOMEN of the University are eligible for class teams in basketball, Ruth Brunner, manager of basketball on the W. A. A. Board, announced Saturday.

A full schedule has been arranged for this season, games being scheduled with American University, Wilson Teachers College, and Maryland University, in addition to the annual Goucher play day.

The intercollegiate schedule is as follows: American University, Feb. 14; Goucher College, Feb. 17; Maryland University, Feb. 28; and Wilson Teachers College, Mar. 6.

Language Association Honors Dean Doyle

• DEAN HENRY GRATTAN DOYLE, professor of romance languages and dean of Columbian College, has been appointed chairman of a permanent Commission on Trends in Education of the Modern Language Association of America. Dean Doyle addressed the members of the Modern Language Association, consisting of over 4,000 professors of English and the modern foreign languages and literatures, during its recent convention in New Orleans. His paper was a preliminary statement of the work of the commission, which is concerned with the place of English literature and of the foreign languages and literatures in American education.

Beauties Must Be Selected

• IT HAS BEEN announced by the Cherry Tree staff that all sororities must announce their candidates for the beauty contest immediately.

Is It Exams Or Just Nerves?

• TOO MUCH HOLIDAY, or the approaching exams, but recently we have developed some "pet gripes."

Somewhere who plays Eighteenth Century Drawing Room on the Nickelodeon when we want to hear "She had to go and leave it at the Astor" . . . and when the nickelodeon gets stuck and plays "Eighteenth Century Drawing Room" five times straight. People who wear bells on their shoes and find it necessary to pace back and forth in the library when we are trying to find rationalistic tendencies in Benjamin Franklin . . . people who sit next to you in the library and determinedly refuse to use a handkerchief . . . those awful looking chopped off affairs that the men on campus call coats . . . those equally awful hair cuts that some assume . . . (both men and women) . . . our favorite B. M. O. C. calling up—just for Hatchet publicity for his fraternity . . . when it comes to filling up a gossip column, deep dark secrets we have sworn not to tell . . . "Romper boys" . . . pseudo "Glamor boys" . . . trite "lines" . . . both male and female . . . taking the blame for something we didn't write . . . and are honor bound not to tell who did . . . books that can be found only in the rare-book room at the Congressional Library . . . having to swear your life away before you can enter or leave the rare-book room . . . Laurel and Hardy . . . Travelogues . . . The sinking feeling that comes after nonchantly walking into a class and learning that a book report is due . . .

Colonial Song

(To tune of U. S. Field Artillery March)

Words by "Kutch" Edwards

Up the court, down the court. As in every other sport, The Co-lon-ials go roll-ing along.

In and out, out and in.

We are going on to win, As the Co-lon-ials go roll-ing along.

Oh it's FIGHT! FIGHT! FIGHT! On to Vic-to-ry, Roll up the score, G. W.

When we start to go, G. U. (Mary-land, etc.) is sure to know, That the Co-lon-ials are roll-ing along.

Sororities Discuss Future Housing Plans

• FUTURE HOUSING for sororities was the main topic for discussion at the Sorority Hall Council's recent weekly meeting.

The meeting at which a delegate from each sorority on campus is present was held in the Phi Sigma Sigma rooms.

Besides discussing the housing plans which, according to Gretchen Hill will be submitted to Dr. Marvin on their completion, the Council started work on May Day plans.

Catholics Give Prom Saturday

• THE NEWMAN CLUB will honor its 64 new members with an Initiation Dance Saturday night at the Hay-Adams House. The ball will provide students with their last chance to enjoy a little fun and frolic before the coming mid-year examinations.

Stan Brown's popular swing band will furnish the music for the affair which will last from 10 till 1. The dance is given in honor of the new members initiated into the Catholic religious organization on Dec. 7. Helen Hart and Bert Smith have been named co-chairman for the dance by President Edward Kiley and new initiates form the majority of the dance committee members.

Tickets Can Be Purchased

Tickets can be purchased for \$1.75 per couple until Thursday evening and are on sale at the Student Club counter or can be purchased from committee members and officers of the club. After Thursday, the tickets will be \$2 per couple. Miss Hart and Bert Smith announced last week.

The next regular meeting of the organization will be held in D-104 Thursday evening at 8 o'clock. Father Schmeidler of Catholic University is scheduled to be guest speaker. Returns for ticket sales should be made that evening, the dance chairman announced.

Members of the club will participate in the Church Unity Octave ceremonies at the Shrine of the Immaculate Conception in Brookland next Sunday evening at 8 o'clock.

Women Riflers Will Meet

• WOMEN WILL shoulder rifles at the University during the coming week. Between now and next Tuesday, fifteen girls will march with a determined step to their designated positions and fire at an object between them and the wall. Promotion may be the reward of some of the girls who show the most ability in being able to direct a rifle bullet at a given object.

Since this is America, and not Europe, the girls' aim will be directed at targets hanging on, rather than blindfolded men lined against a wall, and their objective will be the glory of their class, rather than the destruction of a people.

Three Teams Shooting

Three teams, the Freshman, Sophomore, and the Junior-Senior team will be competing to see which class boasts the best sharpshooters. Teams will be composed of five members each (with the top four counting in the final result) and each girl will fire three shots.

By next Tuesday all the shooting will be over and the results of the firing will be announced in The Hatchet the following week. It is quite possible that several of the girls may land on the varsity rifle team as a result of this competition as there are several vacancies to be filled.

Last year the match was won by the Junior-Senior team, but this year the under-classes are out to prevent a repetition of their victory. The Junior-Senior team will be composed of Persis Marti, Virginia Darrow, Eleanor Stoskopf, Idalgene Dresser, and Jean Oliver. The Soph team is made up of Eleanor Sholtes, Eleanor Haley, Shirley Schaffer, Cornelia Harris, and Marjorie Mann. Those firing for the Fresh will be Eileen Matthews, Wanda Weaver, Elizabeth Toupaz, Mary Reynolds, and Julia Osmer.

Varsity Team Active

Meanwhile, the Women's Varsity rifle team will swing into action

Women Basketeers in Action As Crowded Season Opens

—Blakeslee-Lane Photo

• WITH A FRESHMAN victory over the juniors, by the narrow margin of one point, and a sophomore victory over the seniors, the first games of the women's interclass basketball tournament saw the complete triumph of the Junior College Saturday.

Beginning a season more crowded than any that has preceded it, these games followed upon several weeks of intensive practicing by all teams.

The interclass competition will be carried on into two more Saturdays. The frosh meet the seniors and the sophomores play the juniors this Saturday at 2 p.m. in the gymnasium, while the final games, frosh vs. sophomores and juniors vs. seniors, are scheduled for Feb. 10.

In addition to the interclass schedule, this season will see the inauguration of intercollegiate competition in women's basketball. American University will be host to the sophomore and senior squads Wednesday, Feb. 21 at 7:30 p.m., while the University freshmen and junior teams will be host the same evening to the respective teams from American. All four squads will journey to Goucher College in Baltimore, Md., Feb. 17 for a tri-college sport meet with Goucher and Hood, a traditional event for all teams; while Feb. 24 will be AB-Maryland Day, what with both men and women's basketball teams competing with those of Maryland that day.

The freshmen and juniors are the lucky ones this time, while the sophomores and seniors remain at home to entertain those teams from Maryland on our campus. A social hour will follow each play-day.

Wilson Teachers College will be host to all University squads Feb. 28 at 7:30 p.m.

The teams are as follows: Freshman—Mary Ida Le-Brou, Elsie Jenkins, Mary Quessy, Roselyn Pope, Gloria McCloskey, Kay Woodward, and Becky Yobst; Sophomore—Peggy Kinsman, Mary Bagwell, Kitty Hershey, Helen Marie Byars, Betty Campbell, Paula Zirpel, and Gay Callan; Juniors—Catherine Moore, Jeanne Spaulding, Ruth Brunner, Marion Pauls, Lily Dhu Cobb, Sue Burnett, Virginia Salisbury and Kay Bowen; Senior—Ethel Hoffman, Margaret McDowell, Ellen Zirpel, Betty Wilkinson, Frances Eastham, Mary Armstrong, and Laura Ellis.

• MURPHY BOOTH, the Colonials' most valuable football player during the 1939 season, will receive a trophy tomorrow night at the banquet given by the Touchdown Club.

Covering The Colonials

By AL "LUCKY" LUCYK

• THE MARE: the ditty concerning the old gray mare, "she ain't what she used to be," applies to one Robert Faris, last year's All-American basketeer of this institution. Bobby got three points during the first half and the referee's thumb during the second in the F. B. I. Colonial Freshman game.

All-Americans All: It is the Freshmen to whom we are referring. It seems that we predicted at the beginning of the season that the Frosh would go through the seventeen (a typographical error misquoted us as saying seven) game schedule with two defeats. Up to this time the yearlings are making us do no less than eat those words. We expected the F. B. I. gents to take one of them. If we are forgiven for this wrong doing, we shall go on record as saying that they will go through the program without a loss.

Bouquets and Orechids: To Kutch Edwards for his stroke of genius in writing those two new school songs. They should go a long way to adding some of the much-needed school spirit to our fine group.

Stranger Than Fiction: That is the story of Freshman Jimmy Myers and Johnny Parrish. It seems that Jimmy and Johnny met for four years in the Indiana State Tournament, where they were the bitterest of rivals with the former performing for Bosse and the latter for Rietz (and not Bosse, as we were misinformed). Year after year their's would be the greatest struggle in the tournament. Both met again on the G. W. gym as teammates. Playing the same type of basketball there was a great possibility for having those two as the nucleus of the team. Now

the boys are the best of friends. Unfortunately, however, Myers was hurt in practice before the season's opening and was forced to stay out the rest of the year.

Ball Room Sport: A stag at the pledge prom tells us that "wolfing" was excellent Friday. Our date tells us that men are crazy to drag a date to a dance. A reflection, yes?

One Gym, Please: More welcome than the announcement of plans for an auditorium to us sports-minded fanatics would be the breaking of ground for a new gym. Now you tell us that the University is planning for it, but we shall tell you that we do not believe in procrastination. Enter, to our support, Johnny Busick and Max Farrington, Publicity and Athletic Directors.

Varsity Schedule

The schedule is as follows:
G. W., 33; Culver-Stockton, 38.
G. W., 44; Wash. & Lee, 31.
G. W., 74; Davidson, 42.
G. W., 33; Oklahoma A & M, 38.
G. W., 48; Florida, 36.
G. W., 49; Clemson, 32.
G. W., 49; Georgetown, 41.
G. W., 41; Bradley Tech, 37.
17-Navy, at Annapolis, 4 p.m., Dahlgren Hall. Admission free.
20-Virginia Tech, here.
21-Army, at West Point.
22-Virginia, at Charlottesville.
23-Wayne, here.
24-Virginia, at Richmond.
25-Western Reserve, at Cleveland.
26-West Virginia, at Morgantown.
27-Maryland, at College Park.
28-St. John's (Brooklyn), here.
29-Georgetown, at home.
**At Eastern High Gym. All other home games are played at Tech High Gym, Second and T Streets, N.E. Home games start at 8:30 p.m.

Buff Plays Navy Away; V.P.I. Here

• THE STILL-IMPROVING Colonial basketball team will invade the foreign floor for the first time this season when they journey to Annapolis tomorrow afternoon to take on Uncle Sam's Navy quint at 4 p.m. A large delegation from the University is expected to be on hand as the Reinhardtmen gun for their fifth straight win.

Saturday night the Buffmen return to their home floor at Tech High to meet the weak Virginia Tech five. The Gobblers had a sad year in 1939 and should receive a bad shellacking from Coach Bill Reinhardt's classy outfit. Saturday night, Washington and Lee trimmed the Gobblers 35-24. The Generals, in turn, were handed a 43-21 defeat by the Colonials early in the season.

Navy Shows Improved Play
Navy will be pointing for its second straight victory when they face the invading Buff and Blue quint, and will be no soft touch if their recent 45-37 victory over a strong Pennsylvania five is any indication. The Buffs started out with two losses, dropping their opener against Columbia and losing the next game to Harvard.

The Midshipmen have a quint built around two seniors, Captain Mike Hanley, Washington boy from Western High, and Norman Lee, both guards. Two sophomore forwards, Barton and Ashley, have developed rapidly and are the Midshipmen's high scorers. Smith, at center, completes the probable Navy starting line-up.

Public Admitted Free at Annapolis
The tip-off is scheduled at 4 p.m. in Dahlgren Hall and the public will be admitted free. If you take a date, watch same carefully, as the power of a uniform is well known.

V. P. I., who plays here Saturday, has a better team than the squad which won only three or four games last season. The Colonials still remember what a small team who points for a big school can do. The only real blight on the Buff's record to date was given them by an even smaller college, Culver-Stockton, which caught the Colonials completely off guard and defeated them in the Buffs opening contest of the year.

Coach Reinhardt will probably start the same five that clicked so well against Georgetown and Bradley Tech. George Garber and Matt Zunic, forwarders, Joe Comer, center, Bobby Gilham and "Red" Auerbach at the guard posts. Sure to see plenty of action are Eddie Amendola, Lou Veltri, Roy McNeil and Charles Jones.

Sig Eps Win Opener, 21-18; Wetmore Stars

• SIGMA PHI EPSILON, paced by Forward Bill Wetmore, trimmed the New York Life Insurance Company quint 32-18 in a Community Center League game at Central High gym last Wednesday night.

Wetmore led the Sig Eps with 12 points and "Cricket" King was next high with 9. The Insurance five took an early lead but the Sig Eps came back to lead 16-12 at half-time and outclassed their opponents by a wide margin in the last period.

Howard Relfsnyder, S. P. E. captain, will lead his team against the Treasury Department five tomorrow evening at 9:30.

Interfraternity All-Star Cage Team Selected

By BILL UMSTEAD
• ONLY ONE MEMBER of the 1939 Interfraternity All-Star team, Vic Sampson of the Tau Sigs, was able to repeat on this season's honor quint. This year's team, picked by Art Nowak, league referee; James McKechnie, Greek activities chairman; and Bill Umstead, Hatchet reporter, features only one representative from any one fraternity.

Bob Duthie, Theta Delta Chi forward and the league's leading scorer, was placed at one forward post while Steve Kennedy, of Kappa Alpha, won the other first team forward position. Pat Deming, Sigma Chi's big center, was an unanimous choice for that post on the all-star five. Bob Garlick, the Delta one-man team, was picked for one of the guard positions and the other place on the team went to Sampson.

The second team is composed of Wendell "Hutch" Holmes, Sigma Chi, and Bill Wetmore, Sig Phi Epsilon, forwards; Don Neilson, Sigma Chi, at center; Bill Reinhardt, Sigma Nu, and Joe Bob Gale, Kappa Sigma, at the guard positions. Sigma Chi, this season's champion, placed three men on the two teams while no other team could land more than one place. Joe Gale, second team guard, was a member of the first team last year.

Later in the year this all-star five will meet a team composed of Intramural stars in a preliminary to one of the varsity basketball games.

The two all-star teams are as follows:

FIRST TEAM
Forward.....Duthie, Theta Delta Chi.
Forward.....Kennedy, Kappa Alpha.
Center.....Deming, Sigma Chi.
Guard.....Garlick, Delta Tau Delta.
Guard.....Sampson, Tau Sigma Rho.
SECOND TEAM
Forward.....Wetmore, S. P. E.
Forward.....Holmes, Sigma Chi.
Center.....Neilson, Sigma Chi.
Guard.....Reinhardt, Sigma Nu.
Guard.....Gale, Kappa Sigma.

Frosh Trim FBI 42-25, For 9th Straight Win

• CONTINUING THEIR dazzling pace the Freshmen surprised everyone but themselves when they defeated a highly-publicized and touted F. B. I. quintet at the McKinley Tech gym to the tune of 42-25, their ninth straight victory.

The stubborn "Snoopers" offered some fight during the first half and the score read 14-11 in favor of the Freshmen. Bob Faris, ex-G. W. All-American and now with the Bureau, did not seem to hit it off right with the referee during the second half and upon getting sassy was evicted by the aforementioned official.

Gallagher Sparks Frosh Offense
Taking advantage of this break that slowed down the visitors greatly, the Zahnmen bombarded the basket and displayed the same passing attack that spelled disaster to all of their other opponents this season. Capitalizing on the offensive was Jimmy Gallagher, who has been the spark plug of the team and also leading scorer during the last few games.

Zahn took his proteges to the Anacostia gym this afternoon to continue their conquests and also give the hosts a chance to revenge a 34-20 defeat suffered at the hands of the little Colonials in the Buff's first game of the year.

On Saturday night the Freshmen play Tech and Monday finds them at the Y. M. C. A. for a second meeting of the two fives. In their first get-together, the Freshmen ran up their highest score of the season, when they subdued the "Y" team 63-33.

Gallagher overtook Bob Hood as high scorer, when Jimmy added 15 points to his already accumulated total of 58. Hood who was held to two scores from the 15-foot mark, is now tied with Jim with 73 points apiece.

The freshmen worked out against Roosevelt High, who was host to the yearlings in a practice game last Wednesday afternoon. True to Zahn's predictions, the frosh are rounding out into a smooth quintet and will be hard to stop as the season goes into its latter half.

After the game with the "Y" next Monday, the yearlings take time out to study for exams and do not resume play until February 6, when Washington and Lee High meets the yearlings in the curtain raiser to the Colonial-Wayne varsity game.

Exams Interfere With Intramural Sports Program

• BASKETBALL and volleyball intramural leagues get underway following the exams, Intramural Director Don Rush announced Sunday. A pick of volleyball players of this league will represent the University in the District Volley Ball League.

A futile attempt was made to organize the basketball league before the exam period, but the participating teams were tardy in organizing. As an alternative, they elected to begin after the examinations.

Ten teams, three Freshman quintets, three sophomore, a junior, a senior, a medical school five and one from law school make up the league, which will be in action three times a week.

Volley ball candidates are being corralled to the intramural league. Don Rush is signing up the candidates at his office in the gym. After the schedule is completed, the best players will be chosen for the team to enter the District League.

Gilham Leads Buff In 47-37 Victory Over Bradley Tech

Colonials Cut Down Early Tech Lead in Thriller

By FRANK MANN

• A NEW COURT STAR in the person of Sophomore Bobby Gilham was revealed last Monday night at Tech High as the Colonial basketball team trounced a highly favored Bradley Tech quint, 47-37, before 1,500 wildly excited fans.

The score at intermission was 21-18 in favor of the home team, but an inspiring half-time talk by Coach Bill Reinhardt pepped the players up to such an extent that the second half of the game found the Braves fighting to keep the score from assuming runaway proportions.

Worst Defeat of Year for Braves
Bobby Gilham, the third court star to desert the wilds of Evansville, Indiana, for the more sophisticated atmosphere of a Colonial basketball court, and Matt Zunic, another fine sophomore, combined with Seniors George Garber and Red Auerbach to hand the Bradley Braves their most decisive defeat of the season.

The Braves started out strong, taking a four-point lead on two baskets by O'Brien, and stretched it to 8-4 before the Colonials could start rolling. Baskets by Gilham and Auerbach tied the score, but Tech again forged ahead on Bortels long shot. Auerbach, Zunic and Gilham put the Buff ahead 14-10. But the Braves came back strong to lead, 17-14.

Garber Gives Colonials Lead
Captain Garber went on a personal scoring spree with five points, together with a field goal by Auerbach, to give the Reinhardtmen a lead that they never relinquished to take a 21-18 half-time advantage.

In the second half of the game, Gilham scored five field goals and one free throw to give the Buffmen a 17-point lead of 43-26 with five minutes to go. Altogether, Bob counted seven times from the floor and once from the foul line for a high total of 15 points.

Garber Scores 10 Points
Captain George Garber found time while directing the team from the floor to score 10 points, while Auerbach and Zunic were close behind with 9 and 8 points, respectively.

Hansen, husky Bradley center, kept the Pooria team from being completely outscored by dropping in four field goals and three free throws for a 11-point total.

The team is finally beginning to play the kind of ball which it is capable of and should be more than ready for the Midshipmen, whom it plays tomorrow afternoon at Annapolis.

Bobby Gilham established himself as a distinct scoring threat by totaling 15 against the Bradley Braves to bring his season mark to 42 points. Gilham, who shoots equally well with his right or left hand, is one of the smoothest ball handlers ever seen on the Buff court and can be counted on to do his share of scoring in the coming games.

Comer and Auerbach Lead Quint
Auerbach compiled his 82 points on 34 baskets and 14 free throws. Comer also netted himself 24 field goals, but has only scored three times from the charity stripe. Garber, Zunic and Auerbach are the only regulars who have been constant in making their free throw opportunities.

The statistics for the eight games are given below:

Player.....G FG FT PF TP
Auerbach.....8 34 14 14 82
Comer.....8 34 3 12 71
Garber.....8 29 11 13 69

McNeil.....4 1 0 1 2
Jones.....5 0 1 4 1
Aronson.....1 0 1 0 1

Greeks Prepare For Ping-pong; Bowling Seasons

• INTERFRATERNITY bowling and ping-pong schedules will be released soon. Activities Chairman James McKechnie announced Sunday. Greek competition in both sports will start shortly after the mid-year finals, McKechnie said.

Changes in the ping-pong tournament play is being considered by the Interfraternity Council. In past years, each fraternity team played five singles matches. A proposal has been advanced, recommending that three singles and two doubles contests be held instead. The Council will decide that question next Sunday.

S.P.E. Starts Bowling Practice
Bowling activity began among the different fraternities as the champion Sigma Phi Epsilon bowlers began practice last week in preparation to defend their title. Last Spring, the Sig Eps not only won the Greek championship, but went on to garner the National Intercollegiate Duckpin Championship here, as representatives of the University.

Reports from the other Greek organizations indicate that S.P.E. will be hard pressed to retain its pin championship. The Sig Eps team was hard hit by graduation, and Paul Oberlin, returning veteran keeper, is working hard to develop capable replacements.

Phi Sigma Kappa will also have plenty of competition in ping-pong as several Greek pongers are busy brushing up on their game in preparation for the coming season. The Phi Sigs are defending champions.

BOBBY GILHAM

back to give the Reinhardtmen a lead that they never relinquished to take a 21-18 half-time advantage.

In the second half of the game, Gilham scored five field goals and one free throw to give the Buffmen a 17-point lead of 43-26 with five minutes to go.

Gilham Totals 15 Points for Scoring Honors

minutes to go. Altogether, Bob counted seven times from the floor and once from the foul line for a high total of 15 points.

Garber Scores 10 Points

Captain George Garber found time while directing the team from the floor to score 10 points, while Auerbach and Zunic were close behind with 9 and 8 points, respectively.

Hansen, husky Bradley center, kept the Pooria team from being completely outscored by dropping in four field goals and three free throws for a 11-point total.

The team is finally beginning to play the kind of ball which it is capable of and should be more than ready for the Midshipmen, whom it plays tomorrow afternoon at Annapolis.

Bobby Gilham established himself as a distinct scoring threat by totaling 15 against the Bradley Braves to bring his season mark to 42 points. Gilham, who shoots equally well with his right or left hand, is one of the smoothest ball handlers ever seen on the Buff court and can be counted on to do his share of scoring in the coming games.

Comer and Auerbach Lead Quint
Auerbach compiled his 82 points on 34 baskets and 14 free throws. Comer also netted himself 24 field goals, but has only scored three times from the charity stripe. Garber, Zunic and Auerbach are the only regulars who have been constant in making their free throw opportunities.

At Pan-American Conference

H.S. Students Conference Is Held For 300

Students Discuss Pan-Americanism At Conference

A SELECTED GROUP of over 300 students from nine senior high schools in Washington and vicinity, were present Friday at the University Inter-American Center's first Pan American Conference for High Schools.

Four speakers covered five phases of Pan Americanism and then answered the questions shot at them by the youthful audience. The Conference was the first of its kind held by any University in the East.

In comparing the high schools of Latin America with those in the United States' Ernesto Galarza, of the Division of Intellectual Cooperation of the Pan American Union, pointed out that the system of public secondary schools in most Latin American countries is only 10 or 15 years old.

However, high school students in Latin America are generally more mature, better informed, and take more interest in public affairs than those here," he said. Vocational training and extra-curricular training, such as sports are becoming more popular.

Corliss Speaks

Speaking on Spanish American literature, Professor James Christopher Corliss, of the University discussed the great literary achievements in the fields of poetry, essay, drama, and the novel, by Latin American writers.

"The epics describing great historical events which are so lacking in English literature form the basis of Latin America's great contribution to literature," Professor Corliss said.

In discussing the effect of the European war on the Americas, Dean Elmer Louis Kayser, of the University, told the students that the war has greatly reduced commerce between England, Germany, and South America, but that the United States has been unable to take advantage of the opportunity for increased trade with Latin American countries because of lack of capital in these countries and the difficulty in arranging suitable trade agreements with them.

Cox Opens Program

Professor George Howland Cox, director of the University's Inter American Center, opened the three-hour program with a talk on "Pan Americanism and What Leads To It."

Following the addresses, the students were guests of the University at a luncheon.

The fact that more than three hundred students sat through more than three hours of lectures and wanted to ask more questions than could be answered in the limited time set for the discussion, was proof that a high school conference on Pan Americanism was worthwhile," said Professor Cox after the conference.

"In the high school conferences to follow—I hope there will be one each year at the University—stress must be laid on the importance of more than a bowing acquaintance with the Spanish language. I realize that Spanish courses are included in high school program, but they must be more than included; they must be made to appeal to students."

Besides the captain, the women shooting for the Buff will be Betty Bates, Virginia Birkby, Laura Ellis, Frances Hill, Mabel Johnson, Peggy Kinsman, Helen Royall, Mabel Vierling, and Jeanette Walker. As is customary, only the high five shooting will be counted in computing the score. All targets for the two matches must be finished this week, and results will be announced as soon as possible after the scores are computed.

Omicron Delta Kappa Will Vote On New Members

Awards Gold Medal for Achievement

THE NEXT MEETING of Alpha Delta Circle of Omicron Delta Kappa Fraternity, which emphasizes leadership in extra-curricular activities, will be held on Sunday, January 21, at 11:30 a.m. at the Tau Sigma Theta house. After the report of the Committee on Membership, prospective candidates for membership will be voted on.

The Circle offers annually a gold medal award to "that member of the senior class who throughout his course at The George Washington University has done the most constructive work in the furtherance and upbuilding of the University student activities."

Will Tap At All-U Prom

Mid-year tapping of new members will take place at the All-University Prom, February 2. John Daugherty, Vincent De Angelis, Paul Yost and Robert Doonan are in charge of arrangements.

The next social function of the Circle will be a stag to be held at the home of Professor DeWitt Bennett on Friday evening, February 10th. The active membership will be the guests of Professor Bennett at the party.

Give Football Award

The annual ODK award to the football man voted as most outstanding by his teammates will be given at the home game schedule with Georgetown University for March 6th. The award will be given between halves. Jay Samuels is in charge.

The annual ODK award to the student who has done the most to further the extra-curricular system while an undergraduate student has been changed from a gold medal to a plaque. The award, given by the President of the University at the June convocation, was won last year by Vincent De Angelis.

Alpha Chi Sigma Initiates Four

DR. ALAN HISEY, Horace T. Herrick, Donald M. Brasted, and Robert S. Kennon were initiated Jan. 5 by Alpha Chi Sigma, professional chemical fraternity.

Dr. Hisey, who is an instructor in biochemistry in the medical school, was initiated on behalf of the chapter at the University of Tennessee; Herrick is the director of the regional laboratories of the Department of Agriculture, while Brasted and Kennon are University students.

Trustee Davis (Continued from page 1)

minute speeches given by the nine contestants.

"A good voice," says Dr. Davis, "is the most valuable thing in the world to those who enter the professional field. The memory of my experiences in public speaking and the value of that course induced me to give these prizes."

Natural Science News-Notes

THE FACULTY of the Division of Biological Sciences of the University met Thursday and elected officers for the coming year. Dr. Robert F. Griggs of the Botany department was elected president, and Miss Edith Mortensen of the Zoology department, secretary.

Those elected to the Educational Committee were Dr. Leland Parr of the Medical School, Dr. John P. Foley of the Psychology Department, and Dr. Lawson Locum of the Botany Department.

JAMES A. FOWLER and Robert Bray, senior students of Ecology are investigating the fauna and flora of the pot holes in the Great Falls area of the Potomac River. Pot holes are a natural phenomenon, the result of erosion by a river eddy. A pebble or small boulder becomes lodged in the river bed and is spun around by an eddy or other current. The spinning rock carves out a deep round hole in the river bed and as the hole gets larger, debris accumulates in it and helps in the grinding process.

Fowler and Bray are examining the pot holes, which range from the bluffs overlooking the river down to the water's edge, in the hopes of determining the seasonal variations in the flora and fauna, the derivation of the fauna and flora, and the variation in the life in the holes corresponding to the age of the holes.

Although most of the animals found were invertebrates, they also found one fish, two species of tadpoles, one bullfrog, and some newts. Bray, an expert on Crustacea, has found two genera new to the D. C. area that did not occur in ordinary water holes in the vicinity.

Much of their work is done under winter conditions, a hundred feet above the river. A slip means a long fall and a cold swim.

Fowler is a member of the Biological Society of Washington and the American Society of Ichthyologists and Herpetologists. They hope to publish the work on its completion in Ecology.

DR. JOHN W. ROBERTS spoke at the Botany seminar last Thursday night on the subject of Early Studies of Plant Diseases. Previously he was the dinner guest of Dr. Lawson Locum and Dr. Robert Griggs, both of the Botany Department.

Next Thursday, Dr. James H. Kempton of the Department of Agriculture will speak on the Origin and History of Maize, a kind of grain. The seminars are held at 7 p.m. in C-402 and everyone is welcome to attend.

Off Campus

Just Stuff: THE UNIVERSITY OF VERMONT plays a black cat sixteen dollars a year to keep the school greenhouse clear of rampaging rodents.

THE SPIRIT OF '40 (18) "MIXED DANCING" among the young people at Judson College, Birmingham, Alabama, has been banned by the 1939 state Baptist convention since it was "against the wishes of many of our leaders."

"Our Town"

(Continued from page 1)

mood of her role with a characterization of rich emotional overtones, delicately restrained.

Starring opposite her in the juvenile lead, Clinton Braine lent the part of George a sincere youthfulness and depth.

Margie Beall and Keith Adamson as the concerned, but understanding parents of Emily, and Betty Green and Bill Darnell as George's parents, gave colorful and sympathetic characterizations. Margie's interpretation of the small town mother and housewife, and her use of pantomime to supplant props was particularly brilliant, as was the parallel role as played by Betty Green. Suzanne Preston as Mrs. Soames, the talkative town gossip, was also impressive.

Floyd L. Sparks' very successful direction of the play established Cue and Curtin once again in a position of importance and dignity among the amateur groups of the Washington area. It was his first full-length production of the season, and the sixth of his successful productions for Cue and Curtin over the three semesters during which he has directed the group.

The cast of "Our Town" was particularly well-balanced, portraying the hum-drum hominess of little Grover's Corners, giving the everyday incidents of the town life an understanding interpretation which carried the pulse of the village life to the audience.

And with surpassing ability they created the mood of death in the third act so that each voice seemed to come as a belief or concept of "the Dead" rather than from any one personality.

Particular credit is due to Stan Segansh, in charge of sound effects, and Herzmack Safer and Bob Wales who directed the lighting. Their responsibilities were far greater than those of the average production, since the light and sound was a valuable aid to the creation of the small town, which the lack of scenery and props made necessary.

Similarly, Muriel Freedman, in charge of makeup, and Marcia Ewert and Gean Harris, in charge of costume, are to be commended.

The complete cast of "Our Town" was as follows:

Stage manager, Ernest Payne; Dr. Gibbs, Keith Adamson; Joe Crowell, Frank Miller; Howie Newcome, Dick Ballard; Mrs. Gibbs, Margie Beall; Mrs. Webb, Betty Green; Rebecca Gibbs, Shirley Cox; George Gibbs, Clinton Braine; Emily Webb, Nancy Morgan; Wally Webb, Bill Zeller; Professor Willard, Alec Cunningham; Mr. Webb, Bill Darnell; Woman in the Auditorium, Betty Korbel; Man in the Auditorium, James Parks; Simon Stimson, Ward McCabe; Mrs. Soames, Suzanne Preston; Constable Warren, Sydney Hay; Joe Stoddard, Gordon Johnson; One of the dead, Ann Peterson.

Cherry Tree Canvasses Beauty Judge

LOCAL THEATRICAL AGENCIES are now being contacted by representatives of the Cherry Tree to decide upon the celebrity who will make the final selection in the publication's beauty contest. Sororities are advised that immediate selection of contestants for this title should be made.

The cup to be awarded the winning group, of the organizations participating in the sale of subscriptions to the Cherry Tree, will be awarded on February 15 and is now on display in the Student Club. The number of copies subscribed to in proportion to the number of members in the organization will be the basis for the award.

The deadline for having pictures taken for the Yearbook is drawing near and seniors are reminded again that the photographer is Casson of 1305 Connecticut Avenue.

Regular business staff meetings of the Cherry Tree will be held on Tuesdays at 1:00 in the Cherry Tree office on the 3rd floor of Building B.

CCC Gives "North Pole" Party

THE NORTH POLE was the theme of a party given by the Colonial Campus Club yesterday for invited guests.

If the weather continues cold and snowy, the end of finals will be celebrated with an outdoor party at the home of the president, Ann Galtner, at Lanham, Md. Skating, coasting, and the like will be on the program.

Alpha Pi Epsilon Celebrates Founder's Day Banquet

ALPHA PI EPSILON, honorary home economics sorority, celebrated its eighth Founder's Day on January 12, with a formal banquet at the Dodge Hotel. The banquet table was appropriately decorated with the sorority's colors, purple and white, purple anemone and white sweet peas being used to carry out the colors.

Guests were Dean and Mrs. James H. Fox and Mrs. Joshua Evans Jr. The program for the banquet was based on the theme "The Home." The toastmistress was Miss Winifred Alvather, president of the active chapter. Hazel Cragun took charge of the candlelighting service in memory of the 15 women who founded Alpha Pi. Only one of those 15 was present at the banquet, Emma Byler. Most of the others have moved to various parts of the country.

Greetings in the form of a short biographical sketch of the life of Ellen H. Richards, the founder of home economics education, were given by Frances Eastham, Dean Fox, of the School of Education, gave a talk on "Home Economics in Education." He expressed the view that the job of homemaking must be made more respectable if democracy is to stand.

Mrs. Joshua Evans, Jr., also spoke. She told of some of the happenings in her own home; then talked about her trip to South America last year. The meeting was closed with a song.

Ray Everett Speaks To Ward Society

RAY EVERETT, director of the Social Hygiene Society, will speak to members of the Ward Sociological Society at their meeting Friday, Jan. 19, in Columbian House at 8.

Psychology In Government Is Discussed

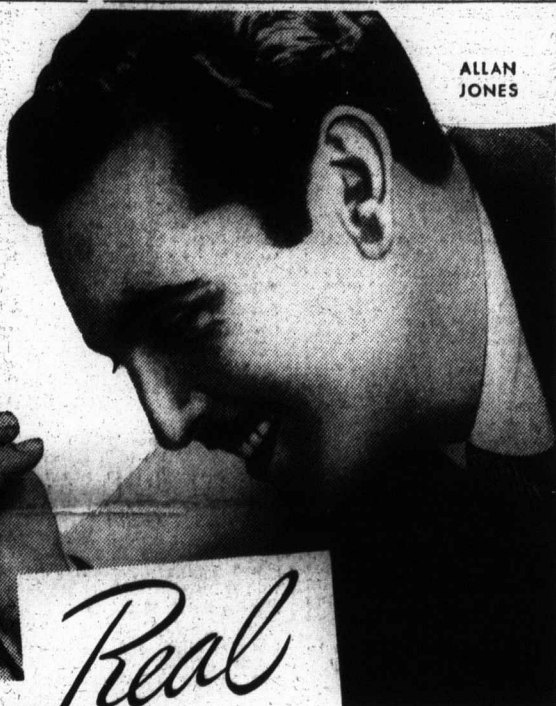

A PROGRAM OF INFORMAL discussion of the psychological work being carried on in various divisions of the government was the highlight of a meeting of the Washington-Baltimore Branch of the American Psychological Association held last Thursday at the University.

The speakers were Dr. Dean Brimhall, Civil Aeronautics Authority; Dr. Benjamin Frank, Prison Bureau, Dept. of Justice; Dr. Ruth, Office of Education; Dr. Shea, Forest Service; Dr. Carroll L. Shartle, Federal Security Agency, and Dr. Kimball Young, Dept. of Agriculture.

Following the meeting, refreshments were served at the Faculty Club.
